L&N HO RPO-Baggage Car Kit

This HO scale RPO/Baggage car kit is made exclusively for the L&NHS by Bethlehem Car Works. The car, series L&N 1300-1314, was constructed with a 30-foot mail compartment and a two-door express compartment making it useful on locals and through trains. In 2016, this car was the No. 1 passenger car requested, so the committee addressed a need voiced by the membership. The kit features cast resin sides, ends, and roof, numerous detail parts, and correct trucks by Branchline less wheelsets and couplers. Decals are included. The kits are available through the Company Store. The price is \$65 for L&NHS members and \$70 for non-members. The production run is limited so get your order in quickly!

New L&N Steam Decals

The Louisville & Nashville Historical Society Modeling Committee is pleased to announce the availability of decals for L&N steam locomotives using the post-1920's and 1930's scheme. Decals are available in the following scales: HO, O, S, N, and G. The decal set includes stripes, safety emblems, and other specialties so modelers can detail according to specific locomotives as appropriate according to photos. The committee members have worked with Highball Graphics to produce these high quality decals exclusively for the society, and they are offered only through the L&NHS Company Store. Prices for single locomotive sets are as follows:

	Qty.	Total
HO Scale — \$9.75	_____	_____
N Scale — \$6.75	_____	_____
O Scale — \$16.75	_____	_____
S Scale — \$13.75	_____	_____
G Scale — \$26.00	_____	_____

HO Scale Louisville & Nashville Tool Shed Kits

The L&N Historical Society is proud to offer this Louisville & Nashville HO scale structure. This L&N prototype kit is in stock at the L&NHS Company Store. In cooperation with the society, American Model Builders has produced Kit No. 182 — L&N Standard Tool Sheds. Each kit is designed from actual plans of tool sheds that were used by the L&N Railroad system-wide in all eras and even into the CSX era. Each wooden laser kit contains two shed kits and also has enough lengths of rail to make the kits into handcar sheds. These sheds were located along the main line, at sidings, and in yards at intervals of three to 10 miles and often appeared in groups of two or three at many locations. Each two-shed kit is available for sale from the L&NHS for \$20.00 and ships to anywhere in the 48 contiguous states.

2 Sheds per kit.
